Tower Ceramic Heater with IR

Product Introduction:

- Oversized ceramic PTC heating element
- Timer 24 hours function
- LED display
- with Remote control
- 2 heat settings and fan-only setting
- 80° oscillation for wide coverage
- Stay cool body with molded handle
- Safety tip-over switch
- Safety overheat protection system
- ETL approved for the US and Canada
- UPC-850047996114

Oscillating Digital Tower Ceramic Heater

Product Introduction:

- Extra-large ceramic PTC heating element
- 2 powerful heat settings
- Backlit digital controls with temperature display
- Digital thermostat with 59°F - 86°F range
- Timer function with auto-shutoff
- Full function remote control
- 80° oscillation for wide coverage
- Stay-cool body with molded handle
- Safety tip-over switch
- Safety overheat protection system
- ETL approved for the US and Canada

Digital Fireplace Ceramic Tower Heater

Product Introduction:

- 33IN TOWER HEATER W/ 3D FLAME
- Updated tower design with electronic touch controls and digital display
- 3 Heat settings, plus fan-only setting
- Ceramic PTC heating element
- Backlit digital controls with temperature display
- Digital thermostat with 59°F - 86°F range
- Oscillation for wide coverage
- 12-hr Timer function
- 3D flame effect can be operated without the heater
- Full function remote control
- Stay cool housing
- Safety tip-over switch
- Safety overheat protection system
- ETL approved for the US and Canada

Product Feature

Conductive to head the closing of the wool scale,It can gently protect the skin and nourish the scalp,drying the hair bright and smooth

- Create 20 bilions negative ions
- High volume air flow to remove moisture
- Control the scalp temperature between 50-74°C
- Short working time to dry the hair

New motor technology

- 110K rotation per minute
- Aluminum blade and bracket to provide stable air flow
- Long life time more than 1000 hrs
- Brushless motor owe low noise

360° magnetic suction anti-scald comb nozzle suit for different haircut and length;straight hair or curly hair

3 wind speed setting

3 dry temperature setting(35/75/95°C)

- Med wind setting+ 39°C-nourishing hair
- Low wind setting+ 47°C-bady care
- High wind setting+ 85°C-quick dry

Retained mode setting

Record the last setting of temperature and wind speed

Unique design

Flax bag for traveling

Magnetic wall-mounted rack

Essential oil diffuser

Magnetic suction anti-scald comb nozzle

Elegant packaging

Retained mode setting
